## Resumé

January 2024

### Frontend

With *ecobytes*, an association for decentralised infrastructure, since 2023:

- Designing a new website and content strategy, based on user stories
- Implementing a maintainable SSG pipeline with Astro

[lab.allmende.io/ecobytes/web](https://lab.allmende.io/ecobytes/web)

At *Moving Across Thresholds*, a series of experiential labs, since 2022:

- Created a community website in Elm with a Firestore backend
- Implemented a Social Media and Newsletter campaign

[MovingAcrossThresholds.com](https://MovingAcrossThresholds.com)

With the *Shell* media activism community, since 2020:

- Designed virtual ShellScapes for community workshops

[ShellCongress.com](https://ShellCongress.com)

At *projectTogether*, a non-profit startup, 2020-21:

- Refactored and documented the Elm codebase of our platform
- Built an accessible UI library in cooperation with the external designers

[ProjectTogether.org](https://ProjectTogether.org)

*Freelance interactive media designer and consultant*, since 2007:

- Interactive animations and full-stack sites with artists and non-profits
- Collaborating on open-source projects such as lo-fi-re and zine
- Recently published my first Elm library (UI patterns for cohesive code)
